About the job

We are looking for a talented **SAP Sr Architect SAP ABAP/FIORI/BTC** based in Manesar, Gurgaon who together with the Atotech Business Teams acting in the area of Developments will prepare and execute IT projects/change management with focus on ABAP/Fiori technical aspects. Moreover:

- You will act as a Subject Matter Expert (SME) for ABAP / Fiori / BTP in a globally acting IT Team
- You will develop the IT-Architecture as related to the global processes in the above-mentioned area
- In projects you will act as a Project Manager or IT-responsible for a project
- You will participate in the Change request process and take ownership for the delivery of change requests in your area of responsibility
- You will provide 3-rd level SAP ABAP / Fiori / CPI support to the external IT-support partner
- You will ensure proper implementation standards, documentation and reporting in your respective area
- You will coordinate SAP transports in our landscape
- Be responsible of the ABAP development processes and ABAP coding standards at Atotech.
- Key player in ABAP team, share knowledge, support in projects, troubleshooting, etc.

What will you bring to the team, along with your curiosity is:

- University degree in computer sciences, economics/finance/management or related area
- Minimum 5-6 years professional experience in the related area, preferably in a consulting environment
- Very good knowledge of SAP ABAP / Fiori in a globally active company
- Very good knowledge of SAP Interfaces and BTP (Business Technology Platform), with focus on SAP CPI.
- Preferably also deep technical knowledge of the SAP modules including user exits, BADIs, workflows, STMS, etc.
- Know-how of related SAP platforms and modules e.g. Fiori Cloud, SAP CPI, FI, MM/MM, PP, QM a clear plus. Experience in SAP S4HANA area a clear plus
- Strong experience preparing and executing projects in the above-mentioned environment. Minimum 3 full life cycle projects
- Project management experience. Project management certification (e.g. Scrum Master) a clear plus
- Strong communication skills, team-orientation, sense of ownership
