About the job

Times Network is seeking a creative and enthusiastic **Artificial Intelligence Content Intern** with a passion for AI and content creation. As an intern, you will work closely with our editorial and marketing teams to create engaging multimedia content.

Key Responsibilities:

- Create and edit videos using basic video editing software, and enhance visuals with Adobe After Effects and Photoshop.
- Help develop creative ideas for AI-related content and marketing campaigns.
- Stay updated with the latest developments in AI and incorporate insights into content creation.

Requirements:

- Basic knowledge of video editing and Adobe After Effects.
- Strong interest in artificial intelligence.
- Creative mindset, attention to detail, and willingness to learn.
- Excellent communication and collaboration skills.

This is a great opportunity to develop hands-on experience in AI content creation.
