About the job

Job Opportunity: Solar Consultant

We are hiring a **Solar Consultant** with a minimum of 2 years of experience in the solar industry. This is an exciting opportunity to join our team and contribute to impactful renewable energy projects.

Role Description

This is a full-time hybrid role for a Solar Consultant at Sunrator Technologies. The Solar Consultant will be responsible for tasks such as lead generation, communication with clients, and providing excellent customer service. While the role is located in New Delhi, there is flexibility for some remote work.

Key Responsibilities:

- Develop solar power plant designs and layouts
- Prepare Bill of Materials (BOM) and assist in the procurement process
- Manage the preparation and submission of tenders
- Conduct technical and financial evaluations of solar projects
- Ensure detailed project documentation and reporting

Requirements:

- Minimum 2 years of work experience in the solar industry
- Strong knowledge of solar plant design, BOM, and tendering processes
- Expertise in preparing documentation for tender submissions
- Excellent communication and organizational skills
- Solar Industry and Solar Power expertise
- Strong Communication abilities
- Ability to work independently and in a team
- Knowledge of renewable energy technologies
- Experience in project management
- Familiarity with industry software (PVSYST®, Helioscope®, or similar) is a plus
- Bachelor's degree in Engineering or related field

Salary: As per industry standards and work experience, ₹4 to ₹8 Lacs per annum.

If you are passionate about renewable energy and meet the qualifications, we'd love to hear from you!

Company Description

Sunrator Technologies LLP, based in New Delhi, is a leading provider of Solar Power consulting services, investor advisory, Project Management Consulting, and Third Party Inspection. With a focus on innovation and out-of-the-box thinking, we help clients achieve energy autonomy at affordable costs. We have a successful track record of consulting for government bodies and private organizations on Solar Power Projects.

Location: DELHI/NCR
