## About the job

### About Us:

Synez Technologies Pvt. Ltd. specializes in delivering cutting-edge digital solutions, empowering businesses with scalable and innovative platforms. Our expertise spans web, mobile, and cloud-native application development, with a focus on enhancing user experience and security.

We are seeking a talented and experienced **Technical Architect - CMS** to lead and architect solutions leveraging enterprise Content Management Systems (CMS) and modern frontend frameworks.

### Key Responsibilities:

- Design and architect enterprise-level CMS solutions using platforms like Magnolia, Adobe Experience Manager (AEM), or Contentful.
- Develop and implement scalable frontend architectures using modern frameworks such as Angular, React, or Vue.js.
- Collaborate with cross-functional teams to define technical requirements, deliver solutions, and align development processes with business goals.

- Lead frontend development with a strong emphasis on security, performance optimization, and best practices.
- Develop cloud-native applications and ensure seamless integration with CMS platforms.
- Provide technical leadership, mentorship, and guidance to development teams.
- Stay updated with the latest trends in CMS platforms, frontend technologies, and cloud-native development.

### **Required Skills and Qualifications:**

- **Experience:** Minimum 5+ years of frontend development and architecture experience.
- **CMS Expertise:** Proven experience with enterprise CMS platforms like Magnolia, AEM, or Contentful.
- **Frontend Development:**
  - Strong hands-on coding experience with Angular, React, or Vue.js.
  - Expertise in frontend security best practices and performance optimization.
- **Cloud Technologies:** Experience with cloud-native application development, deployment, and scaling.
- **Problem-Solving:** Ability to design robust solutions to meet complex business needs.
- Strong communication and collaboration skills, with experience working in Agile environments.

### **Preferred Skills:**

- Familiarity with microservices architecture and serverless technologies.
- Experience with CI/CD pipelines and DevOps practices.
- Exposure to multiple CMS platforms and hybrid cloud solutions.

### **Why Join Us?**

- Opportunity to work on challenging projects with leading CMS platforms.
- Collaborative environment fostering innovation and professional growth.
- Competitive salary and comprehensive benefits package.

### **How to Apply:**

If you have the expertise and enthusiasm to drive technical excellence in CMS solutions, we would love to hear from you! Please submit your updated resume and a cover letter to [Hr@syneztech.com](mailto:Hr@syneztech.com).

At Synez Technologies Pvt. Ltd., we are committed to innovation, quality, and delivering value through technology. Join us and make a meaningful impact!
